

## **Registration Policy and Procedure** Players must be registered with Raiders All Stars Netball Club Downey Park, before they trial.

Players will not be permitted to take the court until the registration process is complete, including full payment. No exceptions will be made.

Registrations will open on an agreed upon date by the Raiders Committee, Netball Queensland permitting.

Registrations will remain open until all places are filled and not on a set date. Once places are filled, a waitlist will be generated for each age group. The number of places available varies between age groups and each year; the numbers for each age group will be determined by the Committee prior to registrations opening each season.

### **Waitlists**

Should a place with Raiders open up, the order of the waitlist will be honored. I.e., Date player was added.

### **Late Registrations**

Late registrations will be accepted at the discretion of the Raiders Committee.
